

Bieliaia Elena, PhD in Biology

Personal information:

e-mail: es@digitalbiopharm.com

Phone: +3 8 068 641 03 58

Date of Birth: 16/09/1983

Marital status: married, has a child

Education:

2000 – 2005 – Student, V.N. Karazin Kharkiv National University (Kharkov, Ukraine), Faculty of Biology, Department of Mycology and Phytoimmunology. Magister of Biology.

2005 – 2009 – PhD, M.G. Kholodny Institute of Botany (Kiev, Ukraine), Department of Mycology.

2012 – Defence of PhD thesis “Gasteromycetes of the Left-Bank Ukraine”.

Work experience:

July 2015 – present: Content manager at IVAO Ltd.

December 2015 – present: Project manager at Digital BioPharm Ltd.

September 2011 – November 2012: Private tutor in English.

September 2006 – August 2008: Teacher of Natural History at Boiko Privat School.

September 2005 – December 2015: Teaching assistant at V.N. Karazin Kharkiv National University.

September 2004 – August 2006: Teacher of Genetics at Kharkiv Gymnasium No. 116.

Professional skills:

Study on Fungi:

Identification of fungi, creation of Gasteromycetes herbarium, Gasteromycetes taxonomy and geographical distribution, scanning microscopy.

Development of academic programs:

- Creation of the academic program "Molecular methods for the analysis of fungal genome" from scratch. The program was designed for magister students from the Department of Mycology and Phytoimmunology, Biological Faculty.

Teaching skills:

- Teaching special course of study "Molecular methods for the analysis of fungal genome" for magister students for 3 years.
- Teaching special course "Genetics" for school students for 2 years.
- Teaching school subject "Nature study" for schoolchild for 2 years.
- Private tutor in English - 2 years' experience of work with school students.

Management skills:

- Organization of the mycological photo exhibition, search for sponsors, authors and an exhibition hall.
- Work as a team leader at the summer camp for 2 year. I had a team of 16 school students.

Written translation:

- English – Russian and Russian – English translation of biological and chemical science papers, and popular science articles.

Computer skills:

- Confident use of MS Office, Making Power Point presentations.
- Confident use of Photoshop.
- Experience in the use of CAT tools (MemoQ).
- Work with Patent Databases (WIPO, EPO).

Languages:

- Russian – native speaker,
- Ukrainian – native speaker,
- English – upper intermediate
